

TROOPS SENT  
TO ALLAY FEAR

Two Regiments Are on the Way to the Mexican Border

TEXANS MADE CALL  
BECAUSE UNEASY

The Border Patrol Is 3,000 Greater Than Army Led into Cuba by Shafter

Washington, D. C., March 12.—Two more regiments of United States troops are moving to join the Mexican border patrol to-day. With the arrival of the additional men, the force will be larger by 3,000 men than the one that General Shafter led into Cuba.

The border patrol is being increased at the requests of Senator Shepard and Representative Garner of Texas, who told Secretary Garrison that the Vera Cruz incident had caused a great deal of uneasiness and that confidence would be restored in a great measure by the presence of more troops.

At the White House and the war department to-day it was stated that such was the only significance of the troop movement. The troops are going to the border from Fort Thomas of Kentucky, Fort Logan H. Root of Arkansas and Fort McPherson of Georgia.

## FAVOR VIRILE POLICY.

Texas Cattle Raisers' Association Takes Action by Resolution.

Port Worth, Texas, March 12.—The Texas Cattle Raisers' association yesterday adopted resolutions favoring a "vigilant and virile" policy along the Mexican border, and urging the protection for Americans in Mexico.

A resolution to endorse the Mexican policy of the national administration was ruled out of order.

MAN MURDERED  
AND LEFT IN WOODS

Body of Boston Jewelry Salesman Was Hacked to Pieces—Four Armenians Said to Have Confessed.

Lawrence, Mass., March 12.—The fact that John A. Shamlian, Boston jewelry salesman, who had been missing for a month, was murdered, and his body hacked to pieces, was disclosed last night.

Four Armenians confessed, according to the police, to complicity in his death or in the disposition of his body, parts of which were found buried in the woods at Frye Village in Andover. The arms are said to be at the bottom of the Merrimack river.

The men whom the police say confessed to the killing, and who were under arrest charged with murder are: Garabed Barbadian, John Ardarian and Bedros Takharjian. All are employees of the textile mills. Mike Zakarian, a coffee house proprietor, was also charged with murder, after he had told of assisting to bury the body. It was he who first gave the information which resulted in the discovery of the body and in disclosing the story of the salesman's death.

Shamlian was killed on the night of Feb. 9, during a quarrel, according to the story which the police said the men had told. They claimed that he had tried to steal \$10 from one of them while they were arranging for the sale of a watch, and he assaulted another of their number with a poker when he remonstrated. An attack upon Shamlian with a hammer resulted in his death.

The men said they were at a loss how to dispose of the body. The arms were chopped off that night with an axe, placed in a satchel and dropped into the river from the Boston & Lowell railroad bridge. The body was further dismembered the next day by use of table knives and a meat saw and later buried.

Shamlian had only 10 or 12 cents in money, it was claimed. His jewelry case containing about \$300 worth of valuables was found last night in the home of Barbadian. Barbadian claimed it was undisturbed.

## RAY COLLINS SIGNS.

Vermenter Will Pitch for Red Sox for Two Years.

Hot Springs, Ark., March 12.—Ray Collins has signed a Boston Red Sox contract for two years, and that means that the Vermont lad will pitch some great ball for Boston the coming season.

The Federal league made a great effort to secure Collins, as he was the only Red Sox not under contract. As late as 4 o'clock yesterday afternoon Collins was called to the long-distance telephone and talked with Pres. Gilmore of the Federal league, who is at Shreveport, La.

## FIRE ON WATER FRONT

Wiped Out Six Blocks at Portland, Ore., To-day.

Portland, Ore., March 12.—Six blocks on Portland's water front were wiped out by fire to-day with a loss estimated at several thousand dollars. The steam schooners Cricket and Glenroy were burned.

Investigate "Futures" Trading That Seems To Be Foreshadowed in Congress.

Washington, D. C., March 12.—Congressional investigation of trading in futures of cotton and grain was fore-shadowed to-day when the House rules committee appointed a subcommittee to draft a resolution for such action.

WOULD KILL HIMSELF  
RATHER THAN PAY

Edward La Follette of Shelburne Went to Burlington for Operation for Appendicitis and When Told Cost Purchased Acid.

Burlington, March 12.—Because he was asked to pay for an operation for appendicitis at the Fanny Allen hospital, Edward La Follette of Shelburne purchased a vial of carbolic acid and a pint of whiskey and made a threat to commit suicide yesterday afternoon. He was taken in charge by the police and later was turned over to an uncle on Catherine street. Later arrangements were made to take the man to the Mary Fletcher hospital for the operation after the prescribed conditions are complied with, which set forth his inability to bear the expense of an operation.

La Follette, who is 26 years old and a native of Northfield, came to Burlington yesterday and applied at the Fanny Allen hospital, having previously been treated by Dr. W. H. Banks of Shelburne for appendicitis of the chronic sort. When told at the hospital that he must pay for the operation, La Follette seemed greatly surprised and disappointed. He then went to a drug store and purchased some carbolic acid for medical purposes, as he told the clerk. On seeing the acid he shouted as he went out of the store: "I don't want this for medical purposes. It's for suicide." He then went out and closed the door.

The drug clerk at once notified the police, who got onto La Follette's trail and followed him to Mrs. Charles Maher's residence over Lavigne's second-class license place on College street. La Follette had taken a drink of whiskey and told Mrs. Maher he was going down to the station and drink the poison just before the departure of the 3:40 train. At this point the police intervened. La Follette insisted that he would take poison at the first opportunity.

Chief Russell was in a quandary as he did not know what to do with the man and did not want to give him his liberty. State's Attorney Hopkins and Overseer of the Poor Delany were consulted and they were not able to solve the problem and finally Mayor Burke was consulted. If the case had been one that required instant operation there would have been little doubt that the man would have been hustled to a hospital at once, but he was up and about and seemed to be in no immediate danger. There was also another complication and that was that La Follette was not a resident of Burlington or of any other place, so far as could be ascertained, so that there was nobody or no town to charge the hospital bill to.

After consideration of the subject it was discovered that La Follette had an uncle named Larow living on Catherine street and it was decided to send the man down there for the night, after he gave his promise to show up at the police office this morning. His money, the vial of poison and the whiskey were kept at the station.

TWO SWAM ASHORE.  
ONE BIRDMAN DIED

Two Turkish Army Officers Were Deposited in Sea When Their Aeroplane Fell.

Jaffa, Palestine, March 12.—Two Turkish army aviators, Nuri Beoy and Ismail Beoy, fell into the sea to-day with their aeroplane. They succeeded with difficulty in disentangling themselves from the machine and swam ashore, but both were exhausted from their efforts, and Nuri Beoy died later at a hospital.

TWO WOMEN ARE  
NOT TO BE FOUND

English Women Were in Sacked Town of Lao Ho Kow, China—They Were Missionaries.

London, March 12.—A dispatch to the Central News from Shanghai says that two English women attached to the station of the China inland mission at Lao Ho Kow, in the province of Hu Peh, have been missing since that town was sacked and burned by the brigands yesterday. The two women were Miss E. Black and Miss J. Black.

## 100 FAMILIES ARE HOMELESS.

Fire in New York Negro Colony Causes a \$300,000 Loss.

New York, March 12.—About 100 negro families were made homeless and several persons were slightly injured in a fire which late yesterday destroyed four tenement houses of the negro colony on West One Hundred Thirty-Fourth street, and spread to five other tenements in the rear.

Rumors that lives had been lost in the blaze were disproved late last night, when a search of the ruins became possible. The fire caused a property loss of about \$200,000. Four alarms were turned in.

## LICENSE BOARDS NAMED

For Montpelier and Waterbury—H. J. Volholm of Former Place Declines

The assistant judges of Washington county have appointed Calvin L. Harmenter, H. J. Volholm and W. E. Poole as license commissioners for Montpelier, and T. E. O'Neil, Justin W. Moody and William H. Anderson (the last named of Waterbury Center) as license commissioners for Waterbury, the only two towns in the county to vote to license the sale of liquor during the ensuing year.

Following the announcement of the appointment, Mr. Volholm sent word to the county courthouse that he would not serve.

## LITERARY TEST REMAINS

In the Burnett Immigration Bill By Vote of Committee.

Washington, D. C., March 12.—The much-discussed literary test will remain in the Burnett immigration bill when it is presented to the Senate for action. This was decided to-day by the Senate committee on immigration, which will report the bill favorably.

MORE GRUDGE  
WORK DONE

Militants Burned House Belonging to Free Church of Scotland

NOTE WAS LEFT  
DECLARING REVENGE

May Richardson Begins a Hunger Strike, Having Pleaded Guilty

Glasgow, March 12.—Militant suffragettes to-day set fire to and burned to the ground a large unoccupied mansion belonging to the Free Church of Scotland at Stewarton in the northern province. A message was left in the vicinity, reading, "Revenge for the brutal arrest of Mrs. Pankhurst."

London, March 12.—May Richardson, the militant suffragette, who on Tuesday hacked the Rokeby Venus in the National gallery, was to-day sentenced to six months' imprisonment. Miss Richardson has been on a hunger strike since her arrest Tuesday.

She pleaded guilty to-day, saying her act was premeditated and intended as a protest against the imprisonment of Mrs. Pankhurst.

WOMAN'S BODY LAY  
IN FIRE RUINS

Mrs. Anna Eliza Warren Burned to Death in Brattleboro Despite Efforts at Rescue.

Brattleboro, March 12.—Fire which undoubtedly started from an oil stove caused the death of Mrs. Anna Eliza Warren, 65, yesterday afternoon. When the fire was discovered by neighbors in the house at 32 Reed street, into which Mrs. Warren and her son, F. E. Warren, had moved Monday it had such a start that repeated efforts of the neighbors and the firemen to enter were unavailing. It was not until after the fire had been drowned out that the body of the elderly woman, who was a partial cripple from rheumatism, was found. It was terribly burned. The ruins of an oil stove near the body and the absence of fire in the kitchen range led to the belief that she had lit the oil stove for heat and her clothing had caught fire. The house was badly gutted. It is owned by Martin Dunn and is insured. Mr. Warren carried insurance on his furniture.

Mrs. Warren was born in Colchester, Conn., and came to Brattleboro Monday to make her home with her son, who came here February 2 in the employ of the Central Vermont railroad. She leaves besides him one daughter and three brothers. Funeral arrangements are not yet made.

FRAGMENTS OF BODY  
FOUND IN RUINS

And One Other Body Recovered at St. Louis, Making Total of Twelve Since Fire.

St. Louis, Mo., March 12.—The body of one man and fragments of the body of another were found early to-day in the ruins of the Missouri Athletic club, which was destroyed by fire Monday. Twelve bodies have now been recovered. A short distance from a body found to-day, the wreckers picked up the leg of another body and found a pair of ladies' silk stockings near.

## C. V. STATION BURNED.

Harry W. Smith Got Out Just in Time at Alburt.

Alburt, March 12.—The Central Vermont station was destroyed by fire last evening, together with its entire contents. The loss is between \$4,000 and \$5,000. On the second floor of the building were the customs offices and the offices of F. W. Myers & Co., brokers. The effects of both were lost, including customs records.

Harry W. Smith, customs officer, was asleep in his room and awakened by cries from outside barely had time to escape from the building. His room was ablaze by the time he reached the ground.

The fire broke out at 7:30 o'clock, being discovered running overhead in the basement by Station Agent C. H. Maurice. He extinguished the flames, as he supposed.

Nearby buildings were threatened and Lockwood's hall caught twice.

## FINED FOR KILLING DOGS.

Two Salisbury Men Were in Middlebury Court for It.

Middlebury, March 12.—John Mack of Salisbury paid a fine of \$100 and costs of \$9.64 in municipal court yesterday afternoon for killing a dog out of season. Melvin Stone, also of Salisbury, asked for time to secure cash, and was released under bonds of \$125 for the June term of county court.

The bodies of two dogs, one carrying a fawn, were found Sunday by Fish and Game Warden George Chaffee in the vicinity of Lake Dunmore. The bodies of the dogs had been stripped of skin and flesh.

Mr. Chaffee conducted an investigation and on Tuesday with Game Warden James Hodges of Ripton, Bert Austin of Weybridge and A. H. Churchill of Brandon went to Salisbury village and found venison in the homes of John Mack and Melvin Stone. They were arrested and brought to the local jail.

## OLD OFFICIALS REAPPOINTED.

Montpelier Also Keeps Salaries Unchanged Except Chief of Police.

An important meeting of the Montpelier board of aldermen was held last night, at which Alderman Henry T. Frontier was made president. The report of a committee investigating reports concerning members of the fire department at the last fire was read and completely exonerated them. The old city officers were all re-elected, as follows: Superintendent of streets, C. B. Roberts; water superintendent, John J. Gilmore; city attorney, Burton E. Bailey; overseer of the poor, W. E. Lamphier; city weigher, Maurice W. Dewey; inspector of paint, James P. Holt; surveyors of wood and inspectors of lumber, Arthur A. Emery, Anson Miner and Hurt Newton; pound keeper, E. L. Putney; fence viewers, Harrison Lombard, Harry S. Tabor and James C. Finn.

None of the salary amounts was changed except that of the chief of police, making his salary the same as that of the fire chief, \$1,100 per year. The chief of police has been getting \$85 per month. There was some discussion over the salary of the street superintendent is to get, but it was voted to give him the same as heretofore, \$1,100 per year, house rent amounting to \$100 a year and the keep of one horse. One of the aldermen remarked this was more than any other street superintendent in the state received, but others said the people were satisfied that Mr. Roberts receive that salary, the position being one of strenuous and continuous work. It is also practically decided that later he is to have an assistant to help carry out the work planned for the season.

Water Superintendent Gilmore's salary was fixed at \$1,000 per year. Overseer of the Poor Lamphier's at \$600 and Fire Chief Patten's at \$1,100. Chief Patten asked for an increase in pay from \$55 to \$65 per month for the three regular firemen, and the matter was left with the fire committee. In the police department, Chief Durkee will get \$1,100. Patrolman Connelly \$75 per month and Patrolmen McAvoy and Sloan \$70 a month. The salary of the city clerk and treasurer is \$1,850.

A resolution was passed authorizing the mayor to borrow a sum not to exceed \$20,000 in anticipation of taxes. The use of a room in the city hall was granted Tax Commissioner Plumley for a listers' meeting March 23 and to State Forester Hayes for March 26.

## EAST ROCHESTER STRIKE SETTLED

Cocheco Mill Weavers in New Hampshire Go Back To-day.

East Rochester, N. H., March 12.—A settlement was reached in the strike of the weavers at the Cocheco Woolen mills yesterday afternoon, and this morning they returned to work.

Labor Commissioner John S. B. Davie of Concord arranged a conference yesterday forenoon between a committee from the strikers and the mill management. It lasted for nearly an hour.

The terms of settlement are: No discrimination against the strikers; question of wages on bad goods to be submitted to the overseer and, in appeal, to the agent; the time used in weaving the bad warp to be recorded and pay awarded on a basis per hour as in other work.

Commissioner Davie, in concluding his work, spoke to the weavers relative to labor matters and difficulties.

## CHIEF WITNESS A SUICIDE.

A Tangled Situation Develops in Criminal Case.

Burlington, March 12.—John Tronio, a Winoski Italian, was arrested yesterday by Sheriff Allen on a state's attorney information charging a criminal conspiracy with Mrs. Louis Succolero. The case is rather peculiar. Mrs. Succolero, who was also a resident of Winoski, committed suicide some time ago by taking acid. She left a note which, it is alleged, stated in substance that she was remorseful and thought the best way out of it was to take her life. While her death was being investigated, Tronio was held by the authorities but was afterwards released. Then came a suit against Tronio for \$2,000 damages, allegation of the wife's afflictions being alleged, and the case is now on the jury docket of Chittenden county court for trial. Now follows the state prosecution.

\$5,546.20  
IS ADDED  
TO FUNDFirst Day's Report in Big  
City Hospital Building

Campaign Boosted Total to \$31,446.20, with Outside Towns Not Reported

GREAT ENTHUSIASM  
WAS MANIFESTEDMuch Encouraged, Workers  
Started Out This Morning

to Make the Clock Move—Large Number of Subscriptions Turned In

Previously reported (initial subscriptions).....\$25,900.00

WEDNESDAY'S SUBSCRIPTIONS FROM BARRE CITY:

Men's Teams, Barre City.....4,474.70

Women's Teams, Barre City.....1,071.50

Total.....\$31,446.20

The men's teams reported the following results of the first day's efforts:

Team 1—B. Albisetti, Captain.....\$796.50

Team 2—Peter Desautels, Captain.....1,042.50

Team 3—C. B. Gladding, Captain.....396.00

Team 4—Thomas Mercer, Captain.....588.00

Team 5—Dan A. Perry, Captain.....1,245.00

Team 6—Stefano Rizzi, Captain.....331.00

Team 7—F. E. Robinson, Captain.....175.70

Total.....\$4,474.70

The women's teams reported the following subscriptions the first day out:

Team 1—Mrs. A. W. Allen, Captain.....\$61.00

Team 2—Mrs. H. R. Bradley, Captain.....100.00

Team 3—Mrs. B. W. Hooker, Captain.....54.25

Team 4—Mrs. Grant A. Lane, Captain.....176.00

Team 5—Mrs. N. J. Morrison, Captain.....634.75

Team 6—Mrs. E. J. Owens, Captain.....16.00

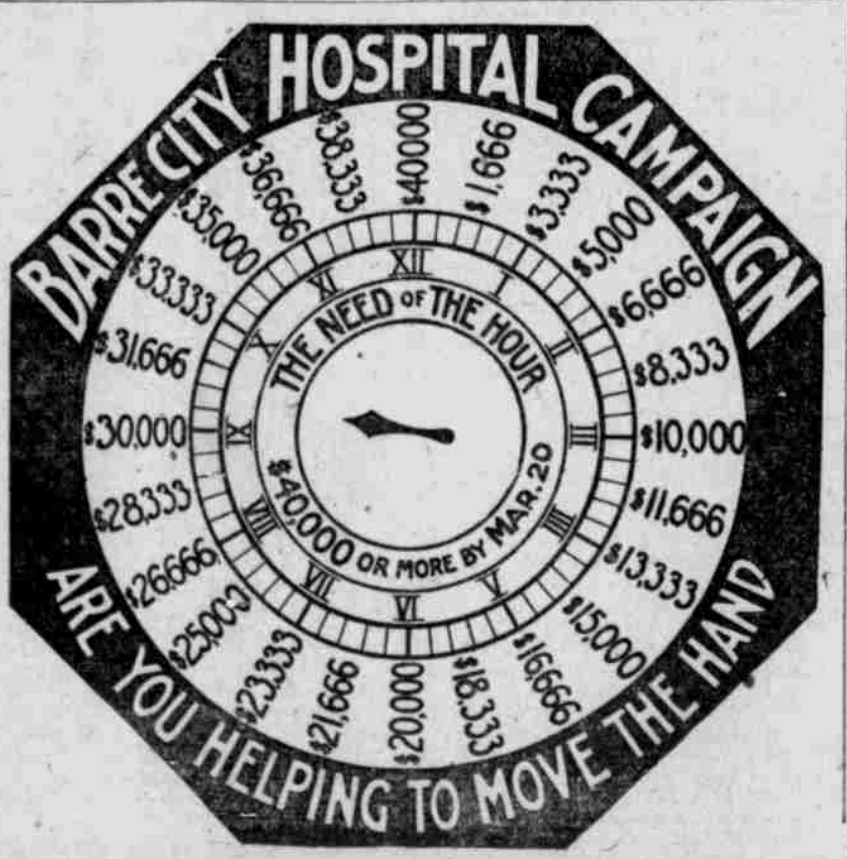

Team 7—Mrs. James Scott, Captain.....29.50

Total.....\$1,071.50

Enthusiasm over the big hospital campaign that is being waged in behalf of the Barre City hospital rose to fever heat last night when it became known that the subscriptions in Barre City alone for the first day had boosted the amount up to \$31,446.20. In other words, to the list of initial subscriptions amounting to \$25,900 the day before the campaign opened, the sum of \$5,546.20 was added yesterday. Reports from the allied towns had not been received at the headquarters when the big hand on the illuminated clock over Drown's pharmacy was pushed several points along toward the \$40,000 mark.

The outcome of the first day's endeavor in Barre became known at the luncheon served in the vestry of the Universalist church last night. Early evening saw the workers filing in to make their return and from 6 o'clock until 7:30 campaigners were constantly registering their subscriptions. Large charts along the walls of the vestry told the story of a big day's work. Supper was served by the ladies of the Hospital Aid association to many workers. The tables were filled when Rev. W. J. M. Beattie asked the invocation. F. E. Langley, chairman of the executive committee, presided and called upon Rev. Mr. Beattie for a few remarks. Mr. Beattie spoke along the lines of congratulation and urged the workers to have unlimited

(Continued on fourth page.)

CHASE LED INTO  
THREE STATES

And Charlestown, N. H., Livery Man Recovered Team Which Was Hired Monday Afternoon.

Rutland, March 12.—The arrest last night of Mrs. Ada Hall and Fred Lovell, both of Lebanon, N. H., in Granville, N. Y., just across the line, marked the end of a hunt in three states, and guaranteed to V. S. Kimball of Charlestown, N. H., the recovery of a pair of horses and three-seated sleigh, valued at \$725, which he had begun to mourn as lost.

The outfit was hired in Charlestown Monday afternoon and was to be returned Tuesday morning. When it failed to appear Mr. Kimball got busy on the telephone and had sheriffs and citizens through this section of the watch for the rig. From what he heard he thought this city was the destination and came here yesterday afternoon.

Yesterday morning, however, the sleigh was seen in Castleton by Deputy Sheriff Carl Beach, and was traced to Whitehall, N. Y., and Granville. There Lovell had traded the Kimball horses for a single horse and \$100, and when arrested was about to put Mrs. Hall and her three young daughters on a train at Middle Granville, intending himself to either follow in the sleigh or to sell the rig and take a later train.

The \$100 was given back to the horse trader and Mr. Kimball got his property. Lovell and Mrs. Hall are held.

## EDUCATION BOARD MEETS.

Question of Tuition Payments Left with Supt. Mason S. Stone.

The Vermont state board of education met at the state house yesterday to discuss various phases of the work. The appeals of several students were presented, asking the board to decide whether the tuition of scholars who are compelled to attend high schools not in their own town, because of lack of such courses there, shall be paid by the school authorities of their home town. The appeals were from Lena Wheeler of Peacham, Mrs. W. A. Parker of Thetford and Mrs. G. G. Brown of Thetford, and the matter was left with Supt. Mason S. Stone for decision.

The following vocational courses were voted approval by the board:

Addison county—Bristol: Agriculture, John L. Selden, Jr., specialist; domestic science, Ruby A. Vosburgh, specialist. Vergennes: Agriculture, Maynard M. Morrison, specialist.

Bennington county—Bennington: Domestic science, Ruth A. Spaulding, specialist. Chittenden county—Burlington: Manual training, William H. Christmas, specialist; domestic science, Mrs. Grace Dugan, specialist. Essex Junction: Domestic science, Amy Wheeler, specialist.

Lamoille county—Morrisville: Agriculture, William J. Dodge, specialist; domestic science, Bessie M. Thayer, specialist. Stowe: Agriculture, R. Lloyd Chaffee, specialist.

Rutland county—Rutland: Domestic science, A. Florence Goldsmith, specialist; manual training, Harold B. Adams, specialist.

Washington county—Montpelier: Domestic science, Hazel G. Weeks, specialist.

Windham county—Brattleboro: Manual training, Ruth M. Buxton, specialist. Windsor county—Springfield: Domestic science, Ruth M. Brooks, specialist. Bellows Falls: manual training, E. E. Parlin, specialist.

## FIREMEN EXONERATED.

Investigation of Montpelier Fire Department Ended and Report Made.

The promised investigation of the Montpelier firemen in regard to rumors freely circulated at the time of and subsequent to the Union block fire, which occurred in that city a few weeks ago, has taken place and the report of the committee which looked into the matter was presented to the Montpelier city council last evening, proving to be a full exoneration of the department.

Notices of a meeting were sent to all persons named as having circulated stories to the effect that the company was slow in answering the first telephone call notifying them of the fire and that members of the department were drunk during the conflagration. Of the rumors notified, only one appeared at the meeting, Dr. Julius Dewey, who discovered the fire and notified the department. According to his testimony to the committee, so the report continues, he, with a party of friends, entered the block and went to the Dewey office on the second floor. They smelled smoke and the doctor called the fire department. He and his friends then went down to the street and looked toward the fire station, watching for the apparatus to appear. It did not come, and after waiting at least fifteen minutes, he returned to his office and once more telephoned the station. He had nothing to say of the actions of the men during the fire, but said that when Chief Patton arrived, fifteen minutes after being first called, and located the fire, he immediately went to the street and sounded a general alarm.

The committee's remarks on Dr. Dewey's statement are to the effect that he was probably greatly frustrated by the event and that what seemed to him like 15 minutes was not actually that long.

## SLIGHT FIRE AT STONESHED

Was Quickly Extinguished and the Loss Was Slight.

At 2 o'clock this afternoon a general alarm was sounded from box 14 at the corner of North Main and Berlin streets for a roof fire on the stoneshed in Goussier's meadow occupied by Gasparillo Bros. Both horse-drawn trucks and the auto truck responded to the call. The fire was confined to a small section of the roof and was immediately extinguished with the aid of chemical. Chief Gladding caused the all-out signal to be sounded as soon as the nature of the blaze was ascertained. The damage caused by the fire was slight. How it originated could not be determined at once, although there were a number of theories, one of which ascribed it to flying sparks. Some of the company's employees discovered fire on the roof and spread the alarm.

## Weather Forecast.

Fair and warmer to-night and Friday; light to moderate westerly winds.

FALLING WALL  
KILLED MAN

John Moore Lost His Life at Quarry

SKULL FRACTURED;  
INSTANT DEATH

Breaking of Derrick Rope Let Weight Fall Against Unfinished Wall

John Moore was instantly killed at Websterville yesterday afternoon while working at the Wetmore & Morse quarry. Moore was employed as a carpenter and rigger and all-around handy man at the quarry and was engaged in building a small stone wall on the bank of the quarry near the engine house when he met his death. Quarrymen were less than a minute in reaching him when they saw the little wall crumble and push the carpenter toward the bank. He was dead, even then, and Dr. N. E. Avery and Health Officer Dr. E. H. Bailey who examined the body afterwards said that death must have been instantaneous.

For nine years Moore had been employed by Wetmore & Morse. Much of the heavy construction work at the quarry made demands on his time and at other times he was employed at odd jobs around the engine house and down in the quarry. Yesterday he had started the erection of a small stone wall on the brink of the quarry hole. To aid in the work he had installed a hand derrick and it was while he was swinging a stone into position that the rope broke, letting a sizeable block of granite down into the unfinished wall. Moore was below the mass of stones when it came tumbling down the slope. Before he could reach a place of safety he was wedged between two heavy blocks. One of them struck him on the head and the doctors who examined the body soon afterwards said that death was directly due to a fracture of the skull. He was otherwise injured, but not badly. Quarrymen who rushed to his aid were put to considerable effort in releasing the body. It was carried to the engine house.

The man's wife and his brother, who is employed on the Wells-Lamson quarry not far away, were notified of his death. Health Officer Bailey ordered the remains removed to Moore's home. The deceased was 35 years old and leaves a daughter, aged 10, besides his wife, who was formerly Miss Mark of Websterville, and two brothers, James Moore of Websterville and Andrew Moore, who lives in Canada. The deceased was born in Craig Road, so called, near Leeds, P. Q., around 35 years ago and came to Websterville 11 years ago. He was widely known in Barre Town and the news of his untimely end will come as a shock to many.

## Friends March to Barre With Body.

Out of respect to
